Professional summary

I am a Front-end Developer with 3+ years of experience in leading projects and developing web applications. I have a deep understanding of HTML, CSS, JavaScript, React JS and other related technologies. Possessing excellent problem-solving skills as well as strong analytical and debugging abilities. My biggest achievement is the successful launch of an e-commerce application, which helped to increase customer satisfaction by 20%. I have a knack for understanding customer needs quickly and delivering results on time. My best qualities are being organized, detail-oriented and eager to learn new technologies. In addition, I am highly motivated with a passion for coding and creating interactive user experiences.

Experience

MDITS

October 2020 - Now
INDIA, HYDERBAD

Front End Developer

Front End Developer at MDITS, INDIA (2020-10 - 2023-12): As Front End Developer for this software development company, I was responsible for developing, maintaining and improving the user interface of web applications to ensure an optimal user experience. I worked closely with other teams to ensure a smooth development process and successful product launches. My responsibilities included:

- Developing responsive designs
- Testing applications for compatibility and quality assurance
- Optimizing front end performance
- Troubleshooting issues and resolving bugs
- Collaborating with internal teams to determine user requirements
- Creating prototypes to explore solutions and concepts
- Implementing design standards and UI elements
